Re: Letter of Recommendation for Worksite Resources

To Whom It May Concern:

It is with great pleasure that I am presenting this letter of recommendation for Worksite Resources. As the former HR Director for Claremont Restaurant Group, LLC (CRG) I had the fortune of working with Steve Worgan and his team for almost 10 years. His team provided our staff with affordable voluntary benefits and was key to guiding them through the pitfalls of the Affordable Care Act enrollment process.

The leadership of CRG felt it was important to provide a platform to guide our staff through the difficulties of navigating the Healthcare.gov process and provide them with a mouth piece for any issues that should arise involving their healthcare coverage in the future. I was charged with finding a broker that could meet these expectations. Steve Worgan and his team were selected for this task based on their professional educational materials and Steve's ability to communicate benefits in a clear, non-threatening manner to all types of staff regardless of their station in life. Steve's communication style is rivaled by few and was appreciated by all of our staff as they felt he was very approachable and knowledgeable as they shared their most intimate information with him.

As a HR Professional with over 30 years experience, I have had the opportunity to work with many brokers, and by far, Worksite Resources is the finest I have had the pleasure of working with. I would recommend Worksite Resources to any company that desires a detail oriented, professional firm that keeps its clients and their staff's best interest in mind at all times.

If you have any questions or wish to discuss further the many attributes of this organization, I may be reached at 828-389-3241.

Respectfully Submitted;

Joyce Tiffany
